Old Medical School Library

12:55 – 13:50      **LUNCH**

## THURSDAY 10TH JULY (PM)

---

*Milton Lecture Theatre*

<b>SESSION 3:</b>	<b>ANORECTAL MANOMETRY</b>	13:50 – 15:30	
Chairs:	TBA		
13:50 – 14:05	<b>Technique, historical perspective, and recent technological developments</b>	Lecture	<i>Miss Emma Carrington</i> London
14:05 – 14:40	<b>Practical demonstration of high-resolution anorectal manometry</b>	Interactive demonstration	<i>Miss Emma Carrington</i> London
14:40 – 15:05	<b>Normal values and clinical cases: interpretation of results</b>	Interactive demonstration	<i>Miss Emma Carrington</i> <i>Mr Ugo Grossi</i> London
15:05 – 15:30	<b>KEYNOTE LECTURE</b> <b>New insights into the pathophysiology of faecal incontinence</b>	Lecture	<i>Professor James Jones</i> Dublin, Ireland
15:30 – 15:55	<b>Coffee break</b>		
<b>SESSION 4:</b>	<b>ANORECTAL SENSATION AND NEUROPHYSIOLOGICAL TESTING</b>	15:55 – 17:15	
Chairs:	TBA		
15:55 – 16:15	<b>Anorectal sensory dysfunction: clinical importance</b>	Lecture	<i>Dr Mark Scott</i> London
16:15 – 16:45	<b>Practical demonstration of rectal and anal sensory testing</b>	Interactive demonstration	<i>Dr Henriette Heinrich</i> Zurich, Switzerland
16:15 – 17:15	<b>Panel discussion</b> <b>Does anorectal function testing actually influence management and outcomes?</b>	Panel discussion	<i>Dr Anton Emmanuel (Chair)</i> <i>Professor Charles Knowles</i> <i>Mr Andy Williams</i> <i>Miss Sophie Pilkington</i> <i>Dr Natalia Zarate</i> <i>Dr Henriette Heinrich</i>

## FRIDAY 11TH JULY (AM)

---

*Old Medical School Library*

08:30 – 09:15      **Registration and coffee**

*Milton Lecture Theatre*

**SESSION 5:                      GASTROINTESTINAL TRANSIT STUDIES                      09:00 – 10:45**

Chairs:                      TBA

09:15 – 09:45      **Radio-opaque marker studies: which method is best?**                      Lecture                      *Dr Natalia Zarate*  
London

09:45 – 10:15      **Practical demonstration of wireless motility capsule studies**                      Interactive demonstration                      *Dr Anthony Hobson*  
London

10:15 – 10:45      **KEYNOTE LECTURE**                      Lecture and                      *Professor Klaus Krogh*  
**The future? Practical demonstration of magnetic pill studies**                      interactive demonstration                      Aarhus, Denmark

10:45 – 11:10      **Coffee break**

**SESSION 6:                      TESTS OF EVACUATION                      11:10 – 13:00**

Chairs:                      TBA

11:10 – 11:35      **Anorectal manometry and balloon expulsion: tests of evacuation?**                      Lecture                      *Dr Anton Emmanuel*  
London

11:35 – 12:00      **Practical demonstration of barium proctography**                      Interactive demonstration                      *Dr Michele Marshall*  
London

12:00 – 12:25      **Practical demonstration of MR proctography**                      Interactive demonstration                      *Dr Stuart Taylor*  
London

12:25 – 12:55      **Panel discussion**                      Panel discussion                      *Professor Charles Knowles (Chair)*  
**Do tests of evacuation give us the same clinical diagnosis?**                      *Professor Klaus Krogh*  
*Dr Anton Emmanuel*  
*Dr Stuart Taylor*  
*Dr Natalia Zarate*  
*Dr Michele Marshall*

12:55 – 13:00      **Closing comments**                      *Professor Charles Knowles*  
London

13:00                      **MEETING CLOSES**

*Old Medical School Library*

13:00 – 13:45      **Coffee**
