

International Masterclass on Lower GI Function Testing

Date

July 10-11, 2014* (*Additional pre-meeting on July 9, see below for details)

Location

Queen Mary University of London, Whitechapel Campus, London, UK

Goal

To enhance knowledge of function testing of the colon and anorectum, in order to improve test performance in daily clinical practice.

Target audience

Pelvic floor surgeons and urogynaecologists, gastroenterologists with an interest in functional bowel disorders, higher trainees in these disciplines, clinical physiologists, and colorectal nurse specialists.

Course highlights

- Basic principles of, and indications for function testing of the lower GI tract
- Interactive demonstrations of test procedures
- Test protocols and analysis of results
- Clinical interpretation of findings
- Case discussions

Costs Masterclass July 10-11

£ 200.00 for surgeons, gastroenterologists and urogynaecologists

£ 50.00 for nurses, clinical physiologists and trainees

*Pre-meeting July 9 at The Wingate Institute

Ardmore customers or attendees interested in MMS products can subscribe for an additional pre-meeting on July 9 (from 1 to 5.30 pm) plus an evening dinner. The maximum number for this pre-meeting is 20 participants. The topics covered are an introduction to High Resolution Anorectal Manometry (HRAM), hands-on practice in using MMS systems and HRAM software editing and report generation. The costs for this pre-meeting are £ 100.00 for surgeons, gastroenterologists and urogynaecologists and £ 90.00 for nurses, clinical physiologists and trainees.
