Scoping

Workshop

FIT for Symptomatic Patients the way forward

8th March 2017

Park Crescent Conference Centre, 229 Portland Street, London, W1W 5PN

NHS England, in partnership with the British Society of Gastroenterology and the Association of Coloproctology of Great Britain and Northern Ireland, are hosting a day-long workshop on the 8th March to discuss the way forward on use potential use of Faecal Immunochemical Test (FIT) in the colorectal symptomatic population. We would like to invite those who are either already collecting data around this use of FIT, or are interested in collecting data to attend.

If you would like to attend please contact Dr Robert Logan robert.logan@nhs.net before the 14th February. Spaces are limited and will be allocated on a first come first serve basis.

Please find a programme below.
