Royal College Advanced Certificate in Clinical Education

The Royal College Certificate in Clinical Education covers all essential trainer prerequisites and provides learning opportunities specifically tailored to suit the needs of all clinical trainers from first time teachers to experienced course managers.

The course covers all aspects of the GMC 2016 guideline competency framework and may be recognised as leading to the award of up to **10 credits** towards further study on the University of Dundee, Certificate/Diploma/Master of Medical Education (MMEd) programme.

Pre-Course Work

It is a mandatory requirement of the programme for you to undertake pre-course reading and learning. Two weeks prior to attending the course, you must participate in a discussion topic via My College Online, the Royal College of Physicians and Surgeons of Glasgow's eLearning platform. Recommended reading can also be accessed from this site.
