

Colon Capsule Endoscopy

SCOTCAP evaluation results and next steps for CCE in NHS Scotland

Live webinar

Monday 8th June

19:00 - 20:00

Insights & discussion

Aims: To disseminate clinical and service outcomes of the SCOTCAP evaluation.

Audience: Healthcare and management teams involved in colonoscopy service delivery

Outcomes: Attendees will gain an insight into the NHS's largest evaluation of colon capsule endoscopy (CCE). An overview of the CCE pathway will be presented followed by some of the early data on clinical outcomes. Academic colleagues will share insights on the qualitative data collated from the study including results from patient and staff interviews. In addition, we will discuss CCE's potential in supporting endoscopy recovery followed by a Q & A session.

Speakers: Prof Angus Watson, Consultant Colorectal Surgeon, NHS Highland Dr Marilyn Lennon, Reader in Digital Health and Wellness, University of Strathclyde
