

Intestinal Failure Study Day 18/03/2021

FREE EVENT accredited for 6 CPD points by **ACPGBI**

Running from 09:30 to 16:30 this webinar will cover multiple aspects of management of intestinal failure to the level required by FRCS candidates and new consultants.

Topics include:

- Definitions, prevalence and aetiology of IF
- Management of the abdominal catastrophe
- Management of the IF inpatient
- Nutrition and nutritional intervention in IF
- Operative options and planning in IF
- Managing the abdominal wall in IF surgery
- Anaesthetic considerations in IF
- Service provision for IF in the UK

And will be delivered by experts in the field from two UK-based intestinal failure units.
