

Dear Colleague

*Welcome to the second
Kings' Endosurgery
Masterclass.*

*There has been
increasing interest in
the endoscopic
resection of colorectal
polyps with
techniques such as
Endoscopic Mucosal
Resection and
Endoscopic
Submucosal
Dissection. We are
privileged to have an
expert international
faculty to
demonstrate these
techniques and share
their experience with
us.*

*I hope that you find
the day most
enjoyable and
educational*

Kind regards

Amyl Hajj
