

The Inaugural

Leeds

Emergency General Surgery, delivery, research and innovation Symposium 2022

The programme will include:

- ◆ **Emergency General Surgery—Where are we now?**
- ◆ **What can EGS Community learn from each other?**
- ◆ **How does technology aid the delivery of EGS?**

Including wearable devices, e-consent and electronic pathways and digital platforms for learning

- ◆ **Laparoscope semper primus—do we need a culture change in Emergency Surgery approach?**

“An opportunity to bring the UK Emergency General Surgery community together! What is the future?”
