Newcastle upon Tyne

Newcastle upon Tyne is a vibrant and friendly city situated at the end of the Roman Emperor Hadrian’s Wall, 3 hours from London by train and 45 minutes by plane. There is also a daily ferry from Europe. It sits in perhaps the most beautiful and historic region of England with its unspoiled sandy beaches and surrounding countryside with many castles dotted across the landscape. Newcastle boasts three large shopping centres, many fascinating museums as well as theatres, sport and leisure centres, art-centres and a rich variety of clubs, restaurants, bistros and coffee shops which would be well worth exploring during your stay.
