Event Description

Abdominal Wall Reconstruction Europe (AWR Europe) is a three-day **CPD certified** international conference on basic and advanced surgical strategies for the complex abdominal wall defect, including reconstructive and aesthetic techniques. Scientific lectures and practical video sessions will be combined with open panel discussions and debates by our international Faculty.

Key themes of the meeting will be:

- Establishing an AWR practice
- Perioperative management and minimising risk
- Safety of meshes
- Vascularised reconstruction
- Video conferencing: component separation
- Diastasis repair
- Abdominoplasty and panniculectomy
- Non-Surgical Component Separation Mini-Symposium
- Managing the open abdomen
- The role of the multidisciplinary team
- Parastomal hernias symposium
- Complex hernias
- Abdominal wall transplantation
- The Great Debate: biologics vs synthetics
